

UNIVERSAL SHEARS NARROW BLADES Réf.: 0361000610

Caracteristics

Classic shears: longer life. Shears forged in one piece. Rounded blades. Resharpenable. Easy reassembly and adjustment. Shears known as sheet-pass or blank-pass shears free the hand from the work area. The table guides the sheet and prevents deformation, enabling continuous = long, through-cutting. Short blades: power. Induction-hardened cutting edges for greater resistance to use and durability over time. Cold-insulating PVC handles. Stem and head forged in 1 piece, monobloc. Smooth blade leaves no marks on the zinc, unlike micro-serrated blades.
