

XL LAWN RAKE, 100% PEFC CERTIFIED WOODEN 150 CM HANDLE Réf.: 369711

Characteristics

Number of tines : 27
Lg : 65 cm - Width : 0,56 kg

ADVANTAGES OF THE PRODUCT

Strength :

- Lightweight, flexible and resistant polymer head
- Reinforcing ribs: the best compromise between strength and flexibility. Even under heavy loads, the teeth deform without breaking and then return to their original profile
- Long shaft length: the handle penetrates deep into the socket
- Reinforced side teeth (+20%) + 2 reinforcing ribs
- Tine tips reinforced (+66%)

Product highlights :

- Extra-wide working width : 65 cm
- Lighter (520g) for less fatigue
- Flexible tines : All tines come into contact with the soil. More effective than a traditional metal lawn sweeper
- 27 flat tines : limits the clogging effect (leaves moving up the tines)
- Enlarged handles : +66%. Ideal for collecting leaves and hanging the tool in a row
- Yellow handle for improved visibility on the shelf
- Polymer material : does not rust
- Oblong hole : Allows the handle to be readjusted in the socket when it becomes loose as it dries
- Removal of the hole in the handle for a more comfortable grip
